

Capital Credits Allocated for 2023!

The summer months flew by this year and it's time once again for **your** company (that's us) to allocate money into your capital credits account!

You'll see your allocated amount on your September bill under *Important Messages*.

Important Messages

NOTICE OF ALLOCATION

For the 2023 calendar year, just over 69% of what you paid into NNTC for your services, will be put into your capital credits account. That means if you paid us \$1,000 for phone, TV and/or internet last year, we'll be putting \$690 back into your capital credits account.

NNTC is able to put excess revenues into your capital credits account because we consistently have the lowest operating costs in the state. We constantly strive to provide the best customer service in our industry, while simultaneously investing in our network. When our financial covenants are met, we have returned capital credits to our customers.

The NNTC Board of Directors will vote this fall as to whether a portion of your capital credits can be retired and paid back to you later this year.

HAPPY CUSTOMERS!

SINCE 1990,
NNTC HAS PAID

**\$76.6
MILLION**

BACK TO OUR
CUSTOMERS!

*CenCom is a subsidiary corporation of NNTC. CenCom customers are not eligible to join the co-op at this time.

Open Houses Were a Hit in 2024!

Winside 3/26

Butte 4/23

Spencer 4/24

Clarks 6/11

Prague 6/12

Clearwater 7/1

Bartlett 7/2

Long Pine 8/6

Stuart 8/7

This year, we had the pleasure of visiting nine NNTC communities, hosting happy hours and coffee hours along the way! Our travels took us as far west as Long Pine and as far south as Clarks. A big thank you to everyone who joined us at our open houses—we truly enjoyed seeing you and sharing all the exciting news from NNTC! We're looking forward to visiting more communities next year!

NNTC exists to provide reliable & efficient Broadband services for our customers.
